

Flytech News:

Date:5/22/07 by Dennis Liu PM Dept.

For the sake of facilitating Computex visitors to access the information regarding Computex Taipei 2007, all Computex information Kiosks will be sponsored by Flytech Technology to install at Touyuan airport, Hyatt Hotel, the receptions of World Trade Center, and the entrances of each exhibition halls. Thanks for the services provided by the interactive Kiosks, visitors will be able to acquire up-to-date information about the exhibitors, forums, and interested products conveniently.

There will be free-standing Kiosks, K895, countertop Kiosks, POS665, and wall-mounted Kiosks, K797 located at the mentioned spots for the best convenience of operation.
